

Psyc 402 - Midterm 1 Study Guide

- 50 questions total, multiple choice, closed notes. (I will provide a Green Scantron)
- Topics:
 - K01 - History / Background (10 questions)
 - K02 - Descriptives (20 questions)
 - K03 - Linear Regression & Correlation (15 questions)
 - G01 & G02 - Mismeasure of Man (about 5 questions)

738

Psychology 402 - Spring 2020 - Dr. Michael Dahr

Background / History (Ch 1)

- Psychological tests: Definitions and pros/cons
- Test domains
- History (Ancient, 18th-20th centuries)
- *Mismeasure of Man*: associated readings

739

Psychology 402 - Spring 2020 - Dr. Michael Dahr

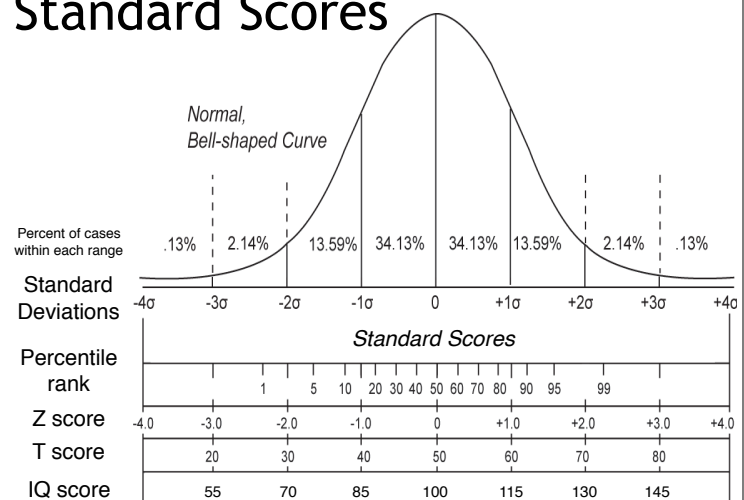

Descriptive Statistics (Ch. 2)

- quantitative & qualitative measures
- histogram / frequency distribution
- central tendency (mean...)
- variation (SSR, variance, standard deviation)
- the Normal Curve
- Standard Scores (Rank, Percentile Rank, Z, IQ, T)
- LLN and CLT
- Fallacies
- *Mismeasure of Man*: associated readings

740

Psychology 402 - Spring 2020 - Dr. Michael Dahr

Standard Scores

741

Psychology 402 - Spring 2020 - Dr. Michael Dahr

Standard Scores: Z, T, IQ

	Z scores	T scores	IQ scores
Mean	0	50	100
SD	1	10	15
Example: top 3%	1.9		
Example: top 1%	2.4		
Formula to convert from Z Score	Z	$(Z \times 10) + 50$	$(Z \times 15) + 100$

742

Psychology 402 - Spring 2020 - Dr. Michael Dahr

Linear regression & Correlation (Ch.3)

- Anecdotal relationships
- Simple Analyses: 2x2 / Chi Square
- Scatterplots
- Linear Regression
 - equation, residuals, SSR, R^2
 - issues/problems
- Correlation
 - R, R^2 , P-value
- DNA / Race review
